DISARM AND DISBAND.

Then Rations Will Be Issued to the Needy Cubans.

GENERAL WOOD'S PERT NOTE

Insurgents Sincerely Demand That They Be Given Full Control of the Island With the Departure of the Spanish Troops.

Santiago de Cuba, Oct. 27. — Major Pettit, in command of the United States troops at Manzanillo and military governor of the city, telegraphed that the Cuban general, Rios, offers armed men to assist the Americans in preserving order, merely asking rations in return.

General Wood sent the following reply: "Certainly not. The only conditions on which rations are to be issued are the complete disarmament and disbandment of the troops."

Some of the Cubans here consider that the United States is treating its allies badly in not allowing the Cuban forces to remain armed. They contend that the Cuban soldiers who have been fighting three years, who speak the language of the country, are better fitted for garrison duty than "untrained volunteers."

The Cuban general, Macle Rodriguez, virtually voices the sentiment of the Cuban army when he says: "We thank the United States for the assistance it has given us, but the time has now arrived when the Cubans should be placed in the highest offices and should prepare to take over the island on the departure of the Spanish."

Cuban extremists here are jubilant at the reported attitude of the Cuban assembly at Santa Cruz Del Sur, where the delegates, while expressing their gratitude to the Americans, practically demand a distinctive Cuban government. The Cuban moderates, on the other hand, regret this stand, thinking it best for the United States authorities to continue in charge of affairs for a year at least, so as to set things going and to prevent any complications with foreign governments. Those who advocate annexation to the United States are extremely anxious as to the outcome.

The foreign consuls are considering the advisability of appealing to the powers to prevent a too hasty recognition of the Cuban government.

To Join General Lee.

Washington, Oct. 27.—Four companies of the Second regiment of volunteer engineers now at Montauk have been ordered to join General Lee's corps at Savannah. The Sixth Missouri infantry has been designated to remain at Jacksonville and guard the stores of the Seventh corps until removed. This regiment will not go to Savannah with the remainder of the corps.

New Naval Training Station.

Washington, Oct. 27.—Captain Dickens has just returned to the navy department from San Francisco, whither he went to locate the buildings for the new naval training station on Yerba Buena island. The officer provided in his plans for 300 apprentices, and left everything in train for the beginning of the work of construction, for which congress has appropriated \$50,000.

Camp Sites in Cuba.

Washington, Oct. 27.—The final selection of camp sites for the American troops who will garrison Cuba awaits the president's return from Philadelphia. The troops will not be landed at any one place, but each detachment will be landed at the nearest and most accessible port to the place which is to form its camping ground.

Cubans to Return to Work.

Havana, Oct. 27.—Advices from Cardenas announce the discharge, by voluntary request, of 57 men belonging to the Cuban forces under command of General Rojas, whose headquarters are at Varadero, near Cardenas. These men asked for their discharge in order to enable them to return to the cultivation of their property.

The Paris Again.

New York, Oct. 27.—The American liner Paris, known during the Spanish war as the auxiliary cruiser Yale, resumed her place as a merchantman when she sailed for Southampton. Since the expiration of the government charter the Paris has been thoroughly overhauled and painted, both inside and outside.

Maria Teresa to Sail.

Santiago, Oct. 27.—Lieutenant Blue says the Infanta Marie Teresa will leave for the United States, going under her own steam, but accompanied by the Vulcan, which will be prepared to render any assistance necessary.

New Torpedo-Boat Destroyers.

Washington, Oct. 27.—The navy department entered into a contract with the firm of Harlan & Hollingsworth of

Wilmington, Del., for the construction of the 30-knot torpedo boat destroyers Hopkins and Hull.

Inspection Postponed.

Huntsville, Ala., Oct. 27.—The war investigating commission postponed the inspection of Camp Forsee, owing to a mild snowstorm and very muddy roads. The camp here is a large one with about 15 subdivisions of troops, to say nothing of the hospitals. There are a great many regulars here and among them many who participated in the Santiago campaign. Many of these will be examined by the commission. The investigation here will be directed especially to the procuring of facts concerning the management of the hospitals and the care of the sick while the army was in Cuba.

Ordered to Fort Thomas.

Chicago, Oct. 27.—Company A of the Seventeenth United States infantry, stationed at Columbus (O.) barracks, has been ordered by Colonel Thomas F. Barr, acting commander of the department of the lakes, to Fort Thomas, Ky., to garrison that post after it is vacated by the Sixth infantry. The Sixth has been ordered to the department of the g.

Admiral Miller Will Retire.

Washington, Oct. 27. — Official announcement was made at the navy department that Rear Admiral J. M. Miller, commanding the Pacific station, will be retired Nov. 22 by operation of law on account of age. Commodore Albert Kautz, recently in command of the naval station at Newport, is now on his way to San Francisco to relieve him.

To Examine Contract Doctors.

Atlanta, Oct. 27.—An order from the war department has been received at Fort McPherson instructing that a board meet at the earliest day practicable and examine all contract doctors here. There are eight of these physicians at Fort McPherson. The board will consist of one surgeon major and two captains.

Honorably Discharged.

Washington, Oct. 27.—The following officers have been honorably discharged, their services being no longer required: Lieutenant Colonel John Jacob Astor, Captain Frederick M. Alger, Captain James H. McMillan. Captain Alger is a son of Secretary Alger and Captain McMillan is a son of Senator McMillan of Michigan.

No Danger of an Uprising.

Carson, Nev., Oct. 27.—The reported Indian outbreak at Midas is greatly exaggerated. There is no danger at present.

Rough Rider Passes Away.

Boston, Oct. 27.—Edward Tanger, 30, of Hancock, Mich., a rough rider, died of malaria.

IN PAYING QUANTITIES.

Excitement Over Discovery of Gold in an Ohio County.

Maivera, O., Oct. 27. — Excitement over the discovery of the gold mine near this place continues unabated.

A big crusher is nearly ready for operation. Various geologists, to whom samples of the gold bearing rock have been sent, report that it contains gold in paying quantities.

The gold, it is estimated, will run from \$14 to \$40 per ton of rock. Experienced gold miners who have arrived here and prospecting say gold exists here in paying quantities.

New Company Takes Hold.

Philadelphia, Oct. 27.—Following the recent recommendation of its board of directors, the stockholders of the Cambria Iron company voted to lease their property to the Cambria Steel company upon a guaranteed rental of 4 per cent per annum upon their capital stock. The new company, as has been previously announced, has a capitalization of \$18,000,000.

Santiago de Cuba, Oct. 27. — The United States transport Roumanian arrived here from Manzanillo en route for Guantanamo with Colonel Ray's immunes. Colonel Ray brought \$3,700, representing customs receipts at Manzanillo. The Santiago customs receipts for September were \$39,233.81. It is expected that the receipts for this month will exceed \$100,000.

IN A DELICATE PLIGHT

Spain's Commission Finds Itself Just Now.

AMERICANS APPRECIATE IT.

Political Situation at Madrid Approaching a Crisis, and It Would Not Be Surprising If Negotiations Were Declared Off.

Paris, Oct. 27.—Both the Spanish and the American commissioners are more reticent than ever before.

The Americans fully appreciate not only their own serious responsibilities, but also the delicate position of their Spanish colleagues, to the burden of whose duties here is now added the critical political situation at Madrid, which may compel the president of the Spanish commission (who is also president of the senate), Senor Montero Rios, to leave Paris.

In confirming the report that Premier Sagasta and the queen regent have prevailed upon the minister of war General Correa, to indefinitely postpone his resignation, pending the conclusion of the peace negotiations, a Spaniard says that they represented to the general that his withdrawal might entail not only the fall of the cabinet, but cause the resignation of certain members of the Spanish commission, including Senor Montero Rios, and thereby gravely compromise the issue of the peace negotiations.

The net result is that an open crisis seems to have been avoided until the conclusion of the treaty of peace. In any case this has done away with the necessity for an ad interim government, which was lately suggested as likely to be a solution of the present difficulties.

As the peace negotiations are now nearing the discussion of the Philippine question the Americans feel that no stage of the proceedings has so demanded their considerate treatment.

Catholic Young Men.

Washington, Oct. 27.—At the session of the Catholic Young Men's union Mr. C. F. Bonniwell of Philadelphia read the report of the archdiocese of that city. Charles Webber, treasurer of the Erasmus A. Bronson memorial committee, reported that the committee had decided that an endowment in the Catholic university was an appropriate instrument to perpetuate the memory of that eminent man and he handed to Monsignor Conaty, the rector of the university, a package, which supposedly contained a check as the nucleus for carrying out the society's intentions.

Hard on the Shippers.

Cincinnati, Oct. 27.—President M. E. Ingalls of the Big Four said when asked about the effect of the decision of the United States supreme court upon the joint traffic association: "I have no doubt the association will have to dissolve. When the Sherman anti-trust law was declared to apply to railroads we knew that the present agreement between lines could not stand. This will be worse for the shippers than for the railroads."

In Voluntary Bankruptcy.

Pittsburg, Oct. 27.—Edward Grotzinger entered a plea in bankruptcy placing his liabilities at \$325,686 and assets at \$187,752. It is said the carpet firm composed of Edward Grotzinger and his son, Edward Grotzinger, Jr., will not be affected. The petitioners' interest in the firm amounts to about \$65,000, which his creditors will receive the benefit of when the firm's affairs pass through liquidation.

Snubbed the Britisher.

Paris, Oct. 27.—General Lord Herbert Kitchener, commander of the Anglo-Egyptian forces in the Sudan, and Captain Baratier, the French officer who brings Major Marchand's dispatches from Fashoda, have arrived here. General Kitchener left the railway station unnoticed, but Captain Baratier received an ovation from hundreds of members of the patriotic league.

No Dumping in the Lake.

Cleveland, Oct. 27.—On application of United States District Attorney Dodge, Judge Ricks of the United States circuit court granted a temporary injunction restraining the city of Cleveland from dumping river dredgings or other refuse in the lake, except by permission of the war department.

Shot Dead by a Blind Man.

St. Paul, Oct. 27.—Dan Coughlin, a blind and retired railroad engineer, shot and killed his young sister-in-law, Miss Katie Marranin, and then fatally shot himself.

Deeply Involved.

Easton, Pa., Oct. 27.—Executions amounting to \$177,000 were filed in the sheriff's office here against Edwin Laufer, a South Bethlehem merchant and extensive real estate agent.

BITTER CONTEST EXPECTED.

Trial of Young Jesse James Begun at Kansas City.

Kansas City, Oct. 27.—The trial of Jesse James, son of the noted outlaw, for complicity in the Missouri Pacific train robbery at Leeds on Sept. 23 last, was begun in the criminal court.

Prominent lawyers were retained by both sides, a formidable array of witnesses have been subpoenaed and a battle royal is expected.

The case of young James, who, up to the time of his arrest for alleged complicity in the robbery, had borne an excellent reputation, has excited great interest and many of the best men in the city have come out in his defense.

Chief of Police Hayes, on the other hand, declares that he has evidence sufficient to convict James.

Frank James of St. Louis, uncle of the accused and brother of the famed Jesse James, is in the city to attend the trial.

Young James, Finis C. Carr and R. L. Yeager, his attorneys, swore Judge John D. Wofford off the bench, alleging prejudice, thus necessitating a postponement. Judge Wofford promptly called in Judge Shackelford of Booneville, and set the case for next Monday.

Considers It an Outrage.

San Francisco, Oct. 27.—E. P. Ripley, president of the Santa Fe system, says, in reference to the supreme court decision against the Joint Traffic association: "A lawyer I do not care to express an opinion as to the law laid down by the supreme court of the United States, but as a matter of equity I consider the decision an outrage. The treatment of railroads by the government is outrageous. A railroad is either a private corporation or a public corporation. If the former, it should be left alone; if the latter, then it should be protected, and this the government does not."

Use of Secret Society.

Omaha, Oct. 27.—The sociological usefulness of secret societies engaged the attention of the national council of women at its public session, reports from the Ladies of the Maccabees and the Rathbone Sisters being submitted, respectively, by Mrs. Lillian M. Hollister of Detroit, president of the former, and Mrs. Jeanette B. S. Neubert of Kansas City, Kas., president of the latter. The claims of Wilmotism were presented by Rev. Anna Shaw. This is the Washington organization which helps women through civil service examinations.

Big Sawmill Burned.

Vancouver, B. C., Oct. 27.—The Hastings sawmill was entirely destroyed by fire. Two hundred and fifty men are thrown out of employment. The mill was one of the most complete on the Pacific coast, having a capacity of 300,000 feet per day. All the valuable machinery was destroyed as well as the wharf and the company's mill. Three lumber ships were saved by strenuous efforts. Loss, \$200,000.

Chicago Scale Violated.

Nelsonville, O., Oct. 27.—Organizer Fred Dlicher of the executive board of the United Mine workers, who resides here, arrived from Pennsylvania. Mr. Dlicher says the miners of the upper end of the fourth pool and the fifth pool proper are all out on a strike to maintain the Chicago scale, which, he says, is and has been violated by the operators there for the past three months.

Big Four Directors Elected.

Cincinnati, Oct. 27.—The stockholders of the Cleveland, Cincinnati, Chicago and St. Louis Railway company elected the following directors: James Barnett of Cleveland, Alexander McDonald of Cincinnati and George Farrow of Boston. The number of shares represented in the vote was: Preferred, 64,933; common, 161,296. The directors elected are those whose terms expired.

Storms in Macedonia.

Salonice, European Turkey, Oct. 27.—Terrific storms have swept over Macedonia, doing an enormous amount of damage and causing considerable loss of life. In one instance a caravan consisting of 47 persons and 100 horses was engulfed in the river Galice and all were drowned.

To Close Accounts.

Chicago, Oct. 27.—H. C. Gray & Company, commission merchants on the board of trade, requested Secretary Stone to close up all accounts which were open with them. Mr. Gray has served as a director of the board for the last two years.

A Publisher Dies.

Auburn, N. Y., Oct. 27. — Oscar F. Knapp, 80, senior publisher of the Daily Advertiser, died of pneumonia. Mr. Knapp had been connected with the Advertiser, either as foreman or proprietor, for 60 years.

Only Sixty Japs Drowned.

Kobe, Japan, Oct. 27.—The Japanese steamer Mijagata was sunk, almost immediately, after having been in collision with the Japanese steamer Toku-shu-Maru. Sixty Japanese drowned.

WRECKED IN THE GALE.

Vessels Strawn Along the Shores of the Lakes.

MANY THRILLING ESCAPES.

Fury of the Storm Drove Freighters on the Beach, Where in a Short Time They Were Pounded to Pieces by the Angry Surf.

Michigan City, Ind., Oct. 27.—The steamer H. A. Tuttle, grainladen from Chicago, is sunk in the mouth of the river a total wreck. The seas are breaking over her, and she is broken in two.

The crew were taken off by the lifesavers after 20 hours of extreme peril. The schooner Aberdeen, consort of the Tuttle, was cast adrift on Lake Michigan, and when last seen was laboring heavily. Her whereabouts are unknown.

The Tuttle is owned by the Nicholas Transit company of Cleveland. Her cargo consisted of 76,000 bushels of corn, and was insured for \$27,000. The schooner Aberdeen was worth \$47,000, and her cargo of corn was insured for \$25,000.

Soaked in the Lake.

Racine, Wis., Oct. 27.—While a large crowd of people were watching a tug entering the harbor with a car ferry belonging to the Lake Michigan Car Ferry company and loaded with 28 cars, the sidewalk, which had been undermined by the seas, gave way and let the crowd into the lake. About 50 people went down, but all escaped but two little girls, who were slightly injured.

A Total Wreck.

Osceola, Mich., Oct. 27.—The steamer E. F. Gould went ashore in a furious gale and lies within a few rods of the wreck of the George Steele. The crew, which included one woman, were taken ashore by the lifesavers from Tawas Point. The wind is heavy from the north, and the Gould is doomed.

Washed Away the Dock.

Sheboygan, Wis., Oct. 27.—The loss to dock property by the gale will amount to many thousands of dollars. Over 100 feet of the Taylor dock was washed out. Several lumber firms suffered severely.

Scalpers Remanded.

Chicago, Oct. 27.—In the habeas corpus proceedings brought for ticket brokers A. J. Greis, Hogan E. Cosby and David Wasserman, who were indicted some time ago for alleged violation of the ticket scalpers' act, Judge Dunne of the circuit court held that the act was unconstitutional. Under a recent ruling, however, that unconstitutionality of a law is insufficient to warrant the release through habeas corpus of persons held under its provisions, the court dismissed the petition and remanded the retailers to custody.

A Double Murder.

Pineville, Ky., Oct. 27.—On Phillips Fork creek, 16 miles from here, Van Howard, a lumberman, shot and killed Lark Thomas, a negro, and also mortally wounded a white man named Smith. The negro and Smith had been engaged in logging for Howard, and Howard owed them a debt for their labor, and when they demanded it he refused to pay. A quarrel ensued, in which Howard shot Thomas dead and fatally wounded Smith and then made his escape.

Narrow Escape From Death.

Racine, Wis., Oct. 27.—The tug Dixon and life saving crew rescued Captain Horace Acres and crew of six men from the barge D. L. Flier. The men had been clinging to the rigging for 24 hours and were half dead from exposure. The ship was abandoned. She was one of a tow of barges bound for Chicago and broke away from the steamer Pallio off Port Washington.

Killed by a Negro Cook.

Warsaw, Va., Oct. 27.—Captain James Crockett, commander of an oyster boat, was killed and his mate seriously wounded by a negro cook near Colonial Beach after a quarrel. The crew reports that after the shooting the negro jumped overboard and was drowned, but the supposition is that he was killed and then thrown overboard by the enraged crew.

Philadelphia, Oct. 27.—President McKinley was tendered a dinner and reception at the Union league. The dinner was informal and was given by the board of directors of the league. There were 60 at the table. At the reception, which followed, there were fully 4,000 guests. He stood in one of the side rooms, the fine of visitors passing and shaking him by the hand.

.....DEMOCRATIC TICKET.....

FOR CONGRESS.
MORDECAI WILLIAMS,
of Boyd County.

For Kentucky—Fair, rising temperature;
variable winds.

As we look at the matter a failure to vote the \$30,000 bonds on November 8th for free pikes will prove a big mistake on the part of our people.

It won't do for Mason County Democrats to stay away from the polls on November 8th. They owe it to the rest of the district to rally to a man to the support of Hon. Mordecai Williams.

A rousing big majority in this county November 8th for Hon. Mordecai Williams will make old Mason solid with all the rest of the district. Every Democrat should make it a point to turn out on November 8th.

The editor of the Greenup Gazette has taken on a big scare over the Congressional contest and is frantically appealing to the Republicans to turn out and vote for Pugh. The cause of the Gazette's fright is a little circular Hon. Mordecai Williams is sending to voters.

An exchange says that every voter should remember on election day that the Democrats opposed the issuing of interest-bearing bonds to prosecute the war and were in favor of non-interest-bearing treasury notes, called greenbacks; that it was the Republicans who forced the issue of \$200,000,000 of interest-bearing bonds. Greenbacks were good enough to carry on the war in 1862, but since the Government is so powerful and rich now, it would, in the minds of the money changers, be a disgrace to force the contractors to take such money.

In 1873 the farmers of the United States produced 271,254,700 bushels of wheat which they sold for \$323,594,805. In 1896 they produced 467,106,947, and for which they received \$237,938,998. While the wheat produced in 1896 was 195,852,105 bushels greater than that of 1873, the money received for it was \$85,655,807 less than for that of 1873. "The depreciation in the price of wheat under the gold standard," observes an exchange, "is thus plainly seen. No more convincing statement can be made than this to show the blighting effect on the important industry of farming."

The voters of the county are called on to settle two important questions on November 8th, first, free turnpikes; second, bonds to pay for them. A bare majority will carry the free turnpike question, but it will take a two-thirds majority to authorize the issue of the bonds. The sum of \$60,000 for the five turnpikes named is a small price when the cost of the roads is considered. If the propositions carry it will settle a question that has proved a very vexatious and costly one not only to Mason County but to many other counties in Kentucky. Within the past year the county has paid out over \$5,000 simply for guarding the tollgates and bridges on two of these roads. If the voters should fail to authorize the issue of bonds to pay for the roads it means a return to the tollgate system, and that will no doubt necessitate the appointment of guards, and renewed trouble and expense to the county. We repeat, let's settle the question forever, by voting for free pikes and also the bonds to pay for them.

ASYLUM AMUSEMENTS.

Claim That They Are Essential to the Proper Treatment of the Insane.

LOUISVILLE, Ky., Oct. 25.—A new idea will soon be put into operation at the Central Insane Asylum, located at Lakeland.

It will be an industrial and amusement hall. The building will be two stories high. One floor will be devoted to amusements—talking machines and the like. The other will be equipped with material for various occupations.

The necessity for amusement and employment in the treatment of the insane is what has led the commissioners to build the hall.

PERSONAL.

—Miss Belle Watson has returned from a visit at Lexington.

—Ripley Bee: "Miss Jennie Heslin, of Maysville, is the guest of her sister, Mrs. Chris. Brown."

—Mrs. George Bruce and daughter will spend a few weeks with her mother, Mrs. J. M. Evans, of Limestone street, before returning to New Orleans.

PUGH'S PULL.

Owes His Political Success to His Father-in-Law, Judge Thomas—The Congressional Contest.

[Cincinnati Post.]

ASHLAND, Ky., Oct. 24.—Kentucky is represented in Congress by seven Democrats and four Republicans.

In the next election the Democrats will surely reelect their seven. The Republicans will surely return one of their party.

Three districts are in doubt. This, the Ninth, is one of the three. The fight hereabouts will be a close one.

It's the same old story, the same condition that appears to prevail almost universally—the voters seem indifferent and show but little enthusiasm in the contest.

Pugh is not a self-made man in politics. He owes all his success to his father-in-law, ex-Congressman "Morg" Thomas, of Vanceburg. He's the political boss of the district. He nominated Pugh and elected him, though Boyd County claims the credit for that. Says Chas. Weaver, of Ashland, for instance: "He never could win without Boyd County. We elected him the last time. But I think we'll elect him again. I think he can count on 300."

The fact remains that Thomas is the power behind the throne. You can't talk politics with a Republican in the district more than five minutes before he will have told you that "Morg" will probably put up a great fight. Take Ed. Horricks for example. That's the way he talks.

Father-in-law Thomas may be perfectly disinterested in the matter. He may be actuated only by paternal love and affection. But the real estate transfers invariably refer to "other considerations," and it didn't take "Morg" long to get a nice Washington job when his son-in-law had been elected to Congress.

Mayor W. L. Ringo, a resident of Ashland, who was Secretary of State under Governor Buckner, is a gold Democrat, but he has come out for Williams.

"The money question is no issue," he said. "The principal issue hereabouts is the improvement of the Big Sandy River. Pugh favors that now, but he is said to have once opposed it. The district will go for Williams by 1,500. This county (Boyd) will not give Pugh more than 150 this time, and that will be enough to defeat him."

Colonel Frank Coles, Inspector General on Governor Bradley's staff, says the result is in doubt.

Only a Congressman is to be voted for this time—no State or county ticket.

THE ELECTION LAW.

Suit to Test Its Constitutionality to be Argued To-morrow in the Court of Appeals.

FRANKFORT, Ky., October 26.—In the Court of Appeals this morning an order was entered advancing the Goebel election law case and setting it for argument on Friday. Senator Goebel will make the main argument on the side upholding the law.

Republicans are being accused of throwing obstructions in the way of an early decision of the case, and it is not definitely certain that their attorneys will be here on that date. The hearing will go on whether they are or not, as they agreed to the advancement.

A decision is expected next week.

The Court of Appeals in a decision today affirms the Bracken Circuit Court, holding the Fidelity Deposit Company, of Maryland, responsible as the surety of ex-Sheriff Shea, of Bracken County. Shea failed to settle in full for 1895 taxes.

Loving Cup Proprieties.

I have not seen any loving cup passed that is true to its name. The loving cup originated as a matter of precaution in olden times, when apparent friends had an unpleasant method of killing a friend who was a rival while he was drinking. So an immense heavy cup was made with a heavy cover. The method of using it can still be witnessed at banquets at the Mansion House in London.

The person receiving it stands and turns to his neighbor, who also rises and takes the cover with both hands. The first person then raises the heavy cup to his lips with both hands, and, having sipped of the contents, holds it while the friend at his side replaces the cover and takes the cup, repeating the same process in turn with his next neighbor. Thus, both hands being occupied, there is no possibility of one friend stabbing another.

In our time the custom has degenerated, and the cover, as a rule, disappeared. Nevertheless if both hands were occupied that would not prevent tongues from wagging later, and words are sometimes sharper than swords.—Philadelphia Times.

Of eleven Kentucky cities that reached the required limit in the matter of postal receipts the past year only Louisville and Paducah sustained a loss, that of the first named being \$886.18, and of Paducah \$2,485.38. The cities of Newport and Covington, opposite Cincinnati, show remarkable gains.

Mrs. SARAH SHACKLEBORD was painfully burned on the side of her face Tuesday evening at the home of Mr. and Mrs. Robert F. Means. While alone in her room she either fainted or was seized with vertigo and fell against the grate. She was better this morning and is getting along very nicely.

The new steel bullets and Krag-Jorgensen rifles do away with the old methods of Indian fighting. In the recent fight at Bear island when an Indian was located behind a tree a rifle ball was put through the tree and the Indian killed. The steel bullet will go through forty inches of pine and kill an Indian or any one else. It will also skim along through grass, rushes, etc., for three miles and do the same thing.

FACKLER & LAWELL, attorneys for the State, have brought suit in the Lincoln Circuit Court against the Keeley Institute Company of Kentucky, for back taxes on franchise and onlisted property, valued upward of \$300,000. The alleged delinquency extends over six years. The company does business at the old Crab Orchard Springs, and the suit involves interesting legal questions as to corporations and franchise taxes.

DANIEL SCOTT, of Manchester, but formerly of this county, has filed at Cincinnati his application to be declared a bankrupt. His debts amount to \$4,300. The Cincinnati Leaf Tobacco Company is the heaviest single creditor, Scott having borrowed \$3,582 from it. DeKalb Lodge 138, I. O. O. F., of Manchester, is a creditor for \$450 and the Oddfellows' Cemetery Association, also of that place, for \$135. A lot valued at \$2,000 at Manchester is the only asset.

The Commonwealth says: "Mr. Casey then engaged in commercial pursuits and married while quite young Miss Lucy A. Marshall, a lady of rare personal beauty and of intellectual accomplishments, of Mason County, a lineal descendant of Chief Justice Marshall of Virginia."

BECAUSE we have the wanted sorts in ample variety. Careful selection has brought here the thoroughly good, dependable kinds and the opportunity to buy and save in the buying is presented here now.

BECAUSE 48c. will buy a Woman's Union Suit it has heretofore taken 75c. to purchase. Genuine worsted plated, silk finished and with pearl buttons. Warm, durable, comfortable, hygienic and so unlike the usual union suit offered for 50c. They're worth a look at least. Oneita make (buttons across chest) or open all the way down.

BECAUSE the women who know the most about underwear are the ones who buy from us. Other dealers offer fleeced drawers and vests for 25c. each, but they haven't the weight, the tailor fit, the quality of "Princess," our exclusive brand, and underwear judges know it.

BECAUSE We'll sell you for 18c. drawers and vests that will surprise you if you are a good judge of values. You couldn't better elsewhere for 25c. To convince yourself of these values we invite you to bring with you any of the above mentioned garments for which you've paid one-half more elsewhere. You know our motto "We don't fear comparison, we seek it."

Housekeeping.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten, comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Except in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

River News.

There is still a fine stage at headwaters. Nisbet for Pomeroy to-night and Stanley down.

The steamer Will J. Cummins has not lost a day since March 19, last, on any account.

The George W. Moredock, with her tow, broke her wheel at Greenup and was delayed some time.

The United States snagboat E. A. Woodruff will be launched from the Cincinnati Marine Ways next week.

The Keystone State passed down at 5 o'clock this morning with a fine trip. She is to-night's packet for Pittsburg.

It is reported that the Levanna Marine Ways are soon to resume operations, and that next spring a big syndicate will take hold of the enterprise.

The Enterprise, of the O'Neil Company, of Pittsburg, collided early Tuesday morning with the tow of Captain Thomas' Jessie, which was lying opposite Gallipolis. The Enterprise lost one barge containing 14,000 bushels of coal. The Jessie's tow was torn loose and drifted to Clippert Mill, where it was safely landed. Fog caused the accident.

The meeting at the Baptist Church continues with increased interest. There has already been one profession of faith and one addition to the church. In spite of the weather a splendid congregation greeted the speaker last evening. The singing is excellent. Mr. A. D. Flora, who has taken up his residence in the city, has been engaged for the choir. The meetings will continue throughout the week. All cordially invited.

MET AT WORLD'S FAIR

And Were Recently Married—The Bride Related to the Pioneer Daniel Boone.

ASHLAND, Ky., Oct. 25.—Mrs. M. B. Speller, a widow about fifty years of age, and formerly a popular milliner of this city, left here last Saturday presumably to visit her son in California.

However, she went directly to Westington, S. D., where she met Mr. A. C. Curtis, promoter of Huron, S. D., and they drove to the hotel and were married. They then left immediately for their future home in Huron, S. D.

Their first met at the World's Fair, but have not seen each other since. They have kept up a correspondence, however, since then.

Mrs. Speller was a daughter of Mr. and Mrs. Harry Nicholson, old settlers of this place, and the nearest living relatives to Daniel Boone, the pioneer of Kentucky.

THE WHEEL TAX.

The Supreme Court Decides That it is Not Valid.

(Louisville Post.)

Bicyclists are out of danger of a wheel tax, thanks to the Supreme Court. The decision was handed down this week in the case of the city of Chicago against Lorin C. Collins and others. The appellees, 373 in number, residents and taxpayers of Chicago, filed a bill to enjoin the city from enforcing an ordinance providing that all vehicles used in the streets of the city, including those for private use or pleasure, should pay an annual license fee, the money collected from this source to constitute a special fund for street improvement, known as the "wheel-tax fund."

The Circuit Court of Cook County issued the writ and the Supreme Court affirmed the decree, holding that "in this case there is no express power given the City Council to impose this license fee and no implied power arises which gives the right. It has no power to levy a tax in this manner. In any view of the case the city had no power to adopt the ordinance and the injunction was properly made perpetual."

Want a Sunday Train on L. and N.

A petition is being circulated in this city, Millersburg, Sharpsburg, Flemingsburg and Johnson requesting the L. and N. to put a Sunday train on this branch from Maysville to Paris.—Carlisle Mercury.

The Mercury says a movement is being agitated in that city looking to the leasing of the Blue Lick Springs and adjoining grounds, for a term of years and making valuable improvements in the way of hotels &c.

The motion made by Judge Wall in the Court of Appeals on Tuesday was for a rule against the C. and O. Railway, and not the Maysville and Big Sandy as stated in the Frankfort dispatch yesterday. The amount involved is about \$10,000. Hon. E. L. Worthington and Judge L. W. Robertson also represent the appellees, and the cases have been in litigation for eight or nine years.

The Turnpike Law Constitutional.

(Carlisle Mercury.)

The case of the Maysville and Lexington Turnpike Road Company, against Aris Wiggins has been reversed in the Court of Appeals. Mr. Wiggins won in the Circuit Court but lost in the higher court. The Court of Appeals decided that the petition of Wiggins was defective, that it did not show that the Fiscal Court had exceeded its authority in purchasing the roads. Mr. Wiggins further contended that the turnpike law was unconstitutional and this point was also decided against him.

SWITCH WAS OPEN.

A Train Plunges Into a Standing Freight With Fatal Result.

Omaha, Oct. 27.—A rear end collision on the Union Pacific resulted in the death of three men and the serious injury of one other.

The dead are: Samuel Hindman, engineer; William Ranan, fireman; B. Shannon, brakeman. Seriously injured: John Griffin, fireman.

An extra freight train stood on the sidetrack and the switch being left open, freight No. 27 going at a good rate of speed, crashed in the rear end of the extra. The engine was badly wrecked and four freight cars reduced almost to kindling wood.

Samuel Hindman, engineer of No. 27, was taken from the wreck unconscious. He died later. William Ranan, the fireman, was caught in the freight cars, being thrown a distance of several feet, and was wedged in between timbers and parts of the engine.

Whites to Blame.
Washington, Oct. 27.—Commissioner of Indian Affairs William A. Jones, who has been for a week in Minnesota making negotiations, which were successful, with the Chippewa Indians for the resumption of peaceful relations with the government, has returned to Washington and made a verbal report to Secretary Bliss upon his work. Commissioner Jones says the trouble is attributable to the methods of the whites in the vicinity, who are taking gross advantage of the Indians.

Salisbury Must Stand Pat.
London, Oct. 27.—Tuesday evening witnessed a great outpouring of oratory on the Fashoda question. Speeches were made at various places on the island. All recognized the gravity of the situation, but declared that, even at the risk of war, it was impossible for Lord Salisbury to recede from his position.

Yale and Harvard Win.
New York, Oct. 27.—The Yale and Harvard teams won in play of the intercollegiate golf tournament, defeating Columbia and Princeton.

Firecrackers in China.
In China firecrackers can be purchased at a cost of 62 cents for 10,000, although the best quality commands twice this price. This is but little more than the actual cost of manufacture. The straw paper used is of the cheapest grade. The powder is also of cheap and inferior quality, which probably accounts for so many "sizzlers" in every pack.

Most of the firecrackers are made by women and children at their homes, and rapid workers are able to earn from 5 to 7 cents per day. An expert can earn 10 cents, while a novice receives only his board for the first four years. The wages paid in this trade are about the same as those paid the common laborer.

Besides being unhealthy, the work of making firecrackers is more or less dangerous, yet the hours of labor are from 6 a. m. to 11 p. m. seven days in the week.

Not Serious.

Washington, Oct. 27.—The alleged threatened outbreak of western Shoshone Indians in Nevada has not been reported to the Indian bureau, and in the absence of word of any kind officially on the subject, Commissioner Jones is inclined to believe serious trouble is not to be apprehended.

Celestials Will Be Punished.

Pekin, Oct. 27.—In response to the demand of the British minister, Sir Claude MacDonald, the empress dowager has issued an edict directing the punishment of the Chinese soldiers who on Sunday attacked a party of English railway engineers at the Marco Polo bridge, on the Pekin-Mankow line.

Crowds at Omaha.

Omaha, Oct. 27.—Most delightful weather attracted a very large number of exposition visitors. All trains were full of people.

Goose on Friday.

"You never heard about the time that Judge Egan gave that prince of birds, the goose, a new place in natural history, I suppose?" said M. W. Fitzgerald to the Philistine.

"Well, a couple of years ago Judge Egan and Tom Conroy went over to lunch together one noon. 'What'll you have?' asked the judge.

"It's Friday," said Tom. "Give me some fish."

"Judge Egan let his eye wander down the bill of fare. He saw that there was goose on the bill and the soul of him hungered for goose. He framed up a decision to make the punishment fit the crime.

"Goose," said he. "A goose is a bird that swims in the water. That's clear enough. Waiter, bring me some geese!" —St. Paul Globe.

In the Holy Land.

Hafia, Palestine, Oct. 27.—The Emperor and Empress of Germany arrived here at noon. The town was decorated profusely, every house flying German and Turkish flags. Turkish troops lined the streets and the band of a cavalry regiment played the German anthem as the German majesties landed.

About Hawaiian Postage.

Washington, Oct. 27.—Postmaster General Emory Smith has issued an order directing that Hawaiian postage stamps shall be recognized at their face value for the payment of postage on all articles mailed in Hawaii, whether addressed for delivery in the United States or elsewhere.

Invaded the Golden Gate.

San Francisco, Oct. 27.—The Arbuckle company invaded this territory and reduced the price of sugar from 5% to 5 1/2 cents. The cut was immediately met by the western refinery.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. J. Wood & Son, druggists, and get a trial bottle free. Regular size 50 cents and \$1. Special Election!

STATE OF KENTUCKY,
MASON COUNTY COURT,
April Term, August 9, 1898.

Whereas, It is the sense of the Fiscal Court of Mason County that sixty thousand dollars in 4 per cent. bonds should be issued by said county with which the proceeds thereof to purchase and make part of the free turnpike system of the said county the following named turnpike roads, that is so much of said roads as may be situated in Mason County, viz: Mayville and Lexington, Mayville and Mt. Sterling, Mason and Bracken, Helena, Dover and Minerva, and Mayslick and Helena roads. No part of said bonds to be issued, unless the Mayville and Lexington, Mayville and Mt. Sterling, and Mason and Bracken roads can be simultaneously purchased wholly from the proceeds of said bond issue, after deducting therefrom the several amounts agreed by this court to be paid for the three other above named roads, viz: The Helena, the Dover and Minerva, and the Mayslick and Helena; the whole amount to be paid for the aforesaid six roads not to exceed (\$60,000) sixty thousand dollars. Be it therefore ordered by this court that an election be called and held in Mason County on the day of the next regular election to-wit:

NOVEMBER 8, 1898,

and that a poll be opened in each of the respective voting precincts in said county for the purpose aforesaid; the proposition to be submitted to the voters in the form of the question to be printed on the ballots to be used at said election, to-wit: "Are you in favor of issuing bonds for the purchase and maintenance of the turnpike roads of this county, free of toll to the traveling public?" And the Sheriff of Mason County is ordered and directed by this court to advertise said election and the object thereof for at least thirty days next before the day thereof in some newspaper having the largest circulation in the county, and also by printed handbills posted up not less than four public places in each voting precinct in the county and at the court house door.

STATE OF KENTUCKY,
MASON COUNTY,
I, C. L. WOOD, Clerk of the Mason County Court, do certify that the foregoing is an exact copy of the order of the Mason Fiscal Court made as it appears of record in Order Book No. 2, page 74, Mason County Fiscal Court Records.
Given under my hand this August 10th, 1898.
C. L. WOOD, Clerk.
By A. F. WOOD, Deputy Clerk.

In compliance with the above order of the Fiscal Court of Mason County, Kentucky, I, S. P. Perrine, Sheriff of the said county, will, at the next regular election held therein, on

TUESDAY, NOVEMBER 8, 1898,

open a poll at each and all of the voting precincts in said county, and hold an election therein, for the purpose of taking the sense of the qualified voters of said county as to whether the county of Mason, State of Kentucky, shall, subject to the conditions of the foregoing order of Mason Fiscal Court, issue bonds to the amount of sixty thousand dollars (\$60,000) bearing 4 per cent. interest, the proceeds of said bonds to be used for the purchase of the Helena turnpike road, the Dover and Minerva, the Mayslick and Helena and the Mason and Bracken turnpike roads, and so much of the Mayville and Lexington and Mayville and Mt. Sterling turnpike roads as may be wholly situated in Mason County. All legal voters in said county shall be privileged to vote at said election. The same officers that held the regular election shall hold this election, which shall, in all respect, be held in accordance with the general election laws of this State.

Witness my official hand, this October 3, 1898.

Sheriff of Mason County, Ky.

Newell, County Judge of Mason County, presented and filed in open court the petition heretofore delivered to him, signed by (349) nine hundred and forty-nine legal voters of Mason County, and asking for a vote in said county upon the proposition to have free turnpikes and gravel roads in said county, said petition being signed by a total number of legal voters of said county in excess of (35 per cent.) fifteen per cent. of the votes at the last preceding general or county election in said county. STATE OF KENTUCKY,
MASON COUNTY,
I, C. L. WOOD, Clerk of the County Court of the County and State aforesaid, do certify that the foregoing is an exact copy of the order, as made by the Mason County Court at its August term, August 8, 1898, as of record in Order Book No. 1, page 116, Mason County Court Records.

Given under my hand this August 10, 1898.
C. L. WOOD, Clerk.
By A. F. WOOD, Deputy Clerk.

In compliance with the foregoing order of the Mason County Court, I, S. P. Perrine, Sheriff of Mason County, Kentucky, will, at the next regular election held therein, on

Tuesday, November 8, 1898,

open a poll at each and all of the voting precincts in said county, and hold an election therein, for the purpose of taking the sense of the qualified voters of said county on the proposition "To have free turnpikes and gravel roads therein." The same officers that held the regular election aforesaid, shall hold this election, which shall, in all respect, be held in accordance with the general election laws of this State.

Witness my official hand, this October 3, 1898.
